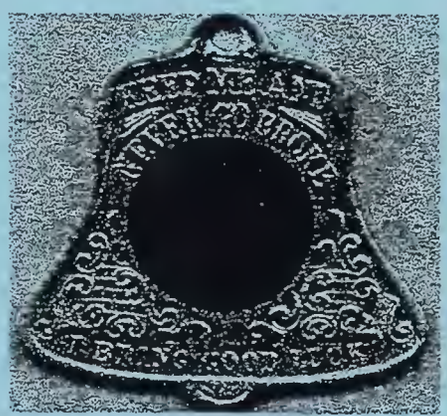
Maryland Encased Coins



Millard W. Hajek

ACKNOWLEDGMENTS

Most catalogs for tokens or exonumia are rarely ever complete. It is anticipated that the publication of this catalog for "Maryland Encased Coins" issued individually by the ***Maryland Token And Medal Society, Inc.*** (MD TAMS) and the ***"Associated Collectors of Encased"*** (ACE) will be followed by the discovery of many more unlisted specimens.

As a volunteer cataloger of Maryland encased for both MD TAMS and ACE, I am deeply gratified at the response to my calls for help. Members of these organizations have answered my call with numerous listings of Maryland encased coins in their personal collections. MD TAMS had initially embarked on this project by volunteers Joan Taylor and subsequently Bill Miller who achieved a list of about one hundred encased coins in the Maryland Tams Journal. This listing grew to over two hundred encased coins with the help and input of the following individuals. Hopefully, I have not missed acknowledging anyone and if I did so, I apologize for the oversight.

INTRODUCTION TO THE CATALOG

- The arrangement of this catalog is alphabetical by the town and by the issuer of the encased coin of that town.
- Those encased coins attributed to Maryland which do not have a specific town location are listed under " Maryland" in the town column.
- Town names shown in ( ) do not appear on the encased coin.
- Where a small letter appears after the catalog number, the die is the same but the encasement contains a different dated coin. For example: County Trust Co.- Annapolis, MD EC-4 has a 1954-D nickel and MD EC-4a has a 1952-D nickel.
- In the date column, all coins are cents unless noted. Indian cents are indicated for clarity.
- If more than one town appears on the encasement, it will be listed by the first town shown on the encasement.
- A "Wannanbees or Pseudo 'So-Called' Maryland Encased Coins" section has been included at the end of the regular catalog section. This listing includes encased coins that were previously attributed to Maryland or were issued by businesses that operated in Maryland.

CROSS REFERENCE TABLE

Two cross reference tables are included as part of the total catalog to assist the user in locating a specific encased coin. They are as follows:

- **ALPHA LISTING BY COMPANY OR MERCHANT CROSS REFERENCE TABLE**

The "Alpha" listing will assist the owner in locating an encased coin that does not include the town name in its description. It lists the name of the business, organization or individual, the catalog number (MD EC) and town. The encased coin can then be found in the "Maryland Encased Coins" catalog section.

- **LISTING BY MARYLAND CATALOG NUMBERS CROSS REFERENCE TABLE**

The listing by "Maryland Catalog Numbers" (MD EC) provides a ready and concise reference for the encased coins that have previously appeared in the Maryland Tams Journal and the subsequent listings.

ENCASED ERRATA

The following corrections refers to the series of articles on **Encased Coins** that appeared in the **MD TAMS Journal** and is intended to assist those members who are using these articles as a reference guide for their encased coins.

MD EC-1 & MD EC-66a	These are duplicate listing-JOHN F. GETTEMULLER with 1908 cent, so MD EC-66a was deleted.
MD EC-67 & MD EC-67a	These appears to be same encased- GOVANS MOTOR CO. But MD EC-67 has the incorrect address- 5504 York Rd. should be 5604 as on MD EC-67a. It is assumed that this was a typo in the MD TAMS Journal, so MD EC-67a was deleted and the address corrected on MD EC-67.
MD EC-13	This number was used twice for JOS. FELSER & SONS and STEWART'S. STEWART'S renumbered as MD EC-129
MD EC-52	THE REXALL encased attribution as a Maryland encased is questionable so it is not included in this cataloging effort at this time.
MD-EC-7	GOOD SAMARITAN HOSPITAL is attributed to Indiana.
